

## GROOMING +/- SEDATION RELEASE FORM

Owner's Name: \_\_\_\_\_ Pet Name: \_\_\_\_\_

Breed: \_\_\_\_\_ Age: \_\_\_\_\_ Sex: \_\_\_\_\_ Color: \_\_\_\_\_

### VACCINATION REQUIREMENTS

Current vaccination status is required for any animal that is housed at River Ridge Veterinary Hospital for daycare, boarding, bathing or grooming. These include:

CANINE		FELINE	
DA2PP (yearly)	\$26.15	FVRCP (yearly)	\$24.15
RABIES (yearly)	\$14.00	RABIES (yearly)	\$18.00
HEARTWORM TEST (yearly)	\$33.00	FECAL (past <b>6 wks</b> )	\$14.84
FECAL (past <b>6 wks</b> )	\$14.84	FELV/FIV test (Recommended)	\$40.50
BORDATELLA (past <b>6 months</b> )	\$16.63		

*I understand that these vaccinations/tests will be provided for my pet if they have not been administered within the time period required. For the protection of my pet and other pets and to minimize the transmission of parasites to the premises or other animals at the hospital, I understand River Ridge Veterinary Hospital requires that a **Capstar** tablet (oral flea tablet) be administered to my pet upon admission to eliminate any possibility of fleas regardless of their current parasite status. This is mandated for any animal admitted to the hospital. I understand the cost of this medication is **\$3.50** and will be added to my bill. I understand that should intestinal parasites, fleas or ticks be found on my pet while at River Ridge Veterinary Hospital, treatment for these will be administered to my pet at my expense.*

### OUR GROOMING PACKAGES

River Ridge Veterinary Hospital does not employ a professional groomer; however our veterinary assistants are familiar with the specific cuts listed below and can perform them. We recommend that any other specialized breed-related trims be performed by a professional groomer to obtain the optimal results.

**Cocker cut package: \$40:** Consists of clipping head, face, upper ears, tail and top ½ of the body, leaving behind a skirt & the long feathering on the legs to be brushed. Feet are scissored & rounded. Includes a bath, nail trim, ear cleaning, anal gland expression, and brushing out when dry.

\*Matted Cockers requiring clipping of the skirt/legs **or** for those owners specifically requesting skirt and legs to be clipped short can expect to add an additional **\$5-10** to the package price.

**Schnauzer/Scottie cut package: \$35:** Consists of clipping head, ears, face to level of the cheeks, top ½ of body, leaving skirt, feathering on legs and beard to be brushed out. Includes a bath, nail trim, ear cleaning, anal gland expression, and brushing out when dry.

\*Matted Schnauzers or Scotties requiring clipping of the skirt/legs **or** for those owners specifically requesting skirt and legs to be clipped short can expect to add an additional **\$5-10** to the package price.

Any other clipping or grooming procedures on any other breed are performed a la carte: the fee would be the cost of a bath for the pet based on the pet's weight (which includes nail trim, ear cleaning, and anal gland expression, and brushing out when dry), plus the time required to clip the animal per the owners instructions at a charge of \$1/minute (i.e.. 20 minutes of clipping would add \$20 to cost of bath). Additional fees for sedation of the pet if needed are based on the weight of the pet. An estimate for any clipping procedure can be specified for your pet and can be provided upon request.

*I understand the description above regarding the cut and the grooming procedure for my pet today. I understand should my pet's grooming procedure vary from the above mentioned packages, the cost of the procedure is dependent upon the length of time it takes to perform it in addition to the cost of the bath.*

### **GROOMING with SEDATION CONSENT**

Unfortunately, there are some pets that will not tolerate being bathed or groomed without being sedated for the procedure. An estimate for the cost of sedation can be provided based on your pet's weight at your request. If your pet's previous grooming procedures have required sedation, or if you suspect this will be the case for your pet, please sign the below sedation consent statement:

*I, the undersigned, do hereby certify that I am the owner (or duly authorized agent for the owner) of the above noted pet and that I do hereby give the veterinarians of River Ridge Veterinary Hospital, his/her agents, servants, and/or representatives full and complete authority to perform the sedation/anesthesia of my pet and the grooming procedure described as:*

\_\_\_\_\_  
*I understand that the cost of sedating my pet is separate from the grooming procedure cost above and that its cost is based on the weight of my pet. I authorize River Ridge Veterinary Hospital to perform any other procedure that, at his/her discretion, may be useful to promote the health of my pet, and I do hereby and by the presents forever release the said doctor, his/her agents, servants, or representatives from any and all liability arising from said procedure on my pet*
